

Chambliss Startup Group

Recognizing that every startup and emerging company has unique concerns, Chambliss business lawyers tailor services to meet the needs of the individual business. The firm's experience encompasses not just formation, but all stages of business development and structuring to meet the evolving needs of clients as their businesses grow and change.

As a business law firm with more than a century of experience, Chambliss is well-positioned to advise businesses that are just launching. The firm's longstanding relationship with EPB has enabled the lawyers to be involved on the ground floor with some of Chattanooga's most innovative technology projects. Lawyers regularly work with The Company Lab (CO.LAB), an entrepreneurial facilitator whose programs help people turn ideas into businesses. The firm has also partnered with the Urban League and CO.LAB to volunteer with SpringBoard, CO.LAB's original business planning course designed to help entrepreneurs get their ideas off the ground.

From negotiating strategic partnerships to navigating employee benefits, Chambliss helps startup and emerging companies prosper. Stay connected by visiting the Chambliss Startup Group site at <http://www.chamblissstartup.com/>.

Experience

Counseled with entrepreneurs and emerging technology businesses concerning business development strategies
