I realize estate planning can be an emotional and overwhelming time for clients. I enjoy assisting our clients through the entire process and making it as stress-free as possible.

Ashli Smith works with Chambliss' estate planning clients by document drafting, assisting with account beneficiary changes, and providing guidance on asset restructuring. She often serves as a liaison between the clients and their financial advisors in order to facilitate the account changes needed to implement their new estate plan. Ashli has over 10 years of experience in the fields of estate and trust planning, elder law, and special needs planning. She also has a background in the financial industry. Her combined knowledge of estate planning and finance makes her well-equipped to help clients with an array of estate planning needs.
