

Estate and Trust Litigation

The Chambliss estate and trust administration team has extensive experience in representing individuals, business entities, and foundations in estate and trust litigation. We proactively advise on marital issues, including distribution or division of property, prenuptial and postnuptial agreements, child custody and parenting issues, adoptions, surrogacy arrangements, and guardianships. We focus on ensuring our clients' legal rights are protected and represent our clients in court, mediation or arbitration. Our team includes a Rule 31 Listed General Civil and Family Mediator who has guided many clients through disputes involving large estates and complicated assets. Our goal is to alleviate the stress of complex situations by working closely with each client to identify the most efficient way to resolution.
