Individuals, their businesses, and families have access to our attorneys, CPAs, and network of resources to address all of their tax planning needs, which is extremely beneficial to high net worth families.

Clients ranging from individuals to tax-exempt organizations to public companies rely on our tax team for federal and state tax matters, choice of business structure, mergers and acquisitions, state tax planning, representation before the IRS, and other taxing authorities. For many years, we have been at the forefront of assisting clients with sophisticated tax planning in the U.S. and internationally. Our tax team, including attorneys and CPAs, consistently works to address our clients' most complex tax issues by proactively addressing their concerns and future needs. Utilizing our combined 30+ years of experience in tax law and accounting, we dig deep to find tailored solutions for each client's unique situation.

Having worked with many clients for decades, we understand the value of long-standing relationships and are committed to our clients' long-term goals. It's important for us to proactively plan and work with our clients' other advisors. Our work today is meant to benefit our clients now, as well as future generations to come, especially
