

Webinar: Estate Planning Doesn't Have to be Scary

Join us on October 26, 2023, 12-1 p.m. ET!

 **Chambliss®**

Join us for a not-so-spooky webinar:

**ESTATE PLANNING DOESN'T
HAVE TO BE SCARY**

 **October 26**

 **12-1 p.m.**

Planning ahead for the unknown can be frightening and intimidating. However, our team is here to expel the spine-chilling misconceptions of advance directives, estate planning, and estate administration. Sally Brewer, Stephany Pedigo, and David Roberts will enlighten you on the importance of lifetime planning and the simple legal tools that can protect what's yours and ensure important decisions are made by you (and not the courts). There will be a question/answer session, as well. This webinar does not take the place of legal advice and is simply a discussion of these topics.

Key Takeaways

- Learn basic legal terminology related to estate and end-of-life planning
- Raise awareness about the significance of proactive planning and the consequences of inaction
- Define the various fiduciary relationships related to estate planning
- Get a comprehensive overview of the process for distributing assets after someone passes away

Hosted by [Sally Brewer](#), [Stephany Pedigo](#), and [David Roberts](#)

Sally Brewer, Stephany Pedigo, and David Roberts are members of the estate planning section. They assist clients with various estate planning and elder law matters, including drafting wills, trusts, incapacity documents, and powers of attorney, as well as conservatorships, care coordination, end of life planning, and more. Our estate planning team cares about each client's situation and is committed to finding the best possible solution that fits their needs.

Registration is required for access to the virtual event on October 26, 2023. Please register via the button below.
